SZABIST ISLAMABAD
BS AI (2nd Semester)

OBJECTIVE

Seeking a career in order to utilize my qualifications and skills under expert supervision for mutual growth and empowerment of your company.

EXPERIENCE

a. Worked on team projects to develop AI-based solutions, enhancing collaboration and project management skills.
b. Community Engagements
Google Developer Student Clubs (GDSC) - Szabist University Islamabad Actively participated in workshops and events to enhance my skills in software development and AI.
c. Microsoft Learn Student Ambassadors (MLSA) - Szabist University Islamabad Collaborated on various projects, gaining hands-on experience with AI and machine learning tools.

PROJECTS & ACHIEVEMENTS

a. AI Projects: Developed mini-projects in AI, including a simple image recognition system and a basic chatbot.
b. Hackathons: Participated in local hackathons, showcasing problem-solving skills and teamwork.

SKILLS

- C++,html,css,js
- Python,NumPy,TensorFlow,
- Microsoft Office
- Git,Github
